

Dear Sir or Madam,

The purpose of this letter is to inform you that the staff of primary school Božidar Jakac in Ljubljana, Slovenia has decided to commence a new project called »The International Children's Art biennale of Božidar Jakac Primary School«. It is well known that in Slovenia Božidar Jakac is considered to be the greatest graphic designer and also one of the most important artists in the field of drawing who subsequently devised the Academy for fine art in Ljubljana and was also very committed with the idea of organizing the international graphic biennale in Ljubljana. In order to commemorate his life work our school has decided to continue walking along this path initiated by Božidar Jakac. It is our great honor to have an opportunity to pay tribute to this incredible artist whose name is at the same time also the name of our school. As a result, a decision has been made to turn our last year's biennale into an international one.

We kindly ask you to take part in this project by sending us contact numbers or e-mail addresses of potential primary schools which would be interested in participating in this international biennale. We strongly believe that everybody can broaden its horizon, if only we let other people to join and work together.

I look forward to hearing from you shortly.

Yours faithfully

Nataša Krajnčan

Principal of Božidar Jakac Primary School
